

SAICA Accredited programmes

Quality assurance processes over Academic programmes leading to the qualification as a Chartered Accountant [CA(SA)]

In its role as an Education and Training Quality Assurer (ETQA) and in terms of its current recognition standing with the Independent Regulatory Board for Auditors (IRBA), the South African Institute of Chartered Accountants (SAICA) accredits certain programmes specifically designed to allow access to the Initial Test of Competence (ITC) (QE I).

Programmes accredited by SAICA are only offered by certain providers (listed below).

SAICA's accreditation is over and above

- Institutional Audits performed by the Higher Education Quality Council (HEQC);
- Programme accreditation granted by the HEQC in its role as the band ETQA for Higher Education; and
- Recognition of degrees registered on the National Qualifications Framework (NQF), which is awarded by SAQA.

Accreditation of a programme by SAICA means that (extract from the Accreditation and Monitoring Framework):

- “the provider has put in place the appropriate resources that, if utilised effectively, should enable it to deliver the programme at the required standards and levels of quality; and
- the programme meets SAICA's requirements in terms of the standards of learning and teaching.

Accreditation of a programme is **not** an assurance that a provider is achieving the required standard of delivery of that programme. Rather, accreditation certifies that a programme contains the requirements necessary to meet SAICA's accreditation standards.”

An essential element of accreditation is quality control. Hence SAICA assesses and monitors the relevant programmes of higher education institutions / universities. The quality assurance process performed by SAICA includes:

- The completion of an annual self-evaluation by each provider / university offering an accredited programme; and
- A monitoring visit at least once in every five-year cycle. (The third accreditation and monitoring cycle having commenced in 2016 and completed in 2020.)

LIST OF SAICA ACCREDITED PROGRAMMES (CA(SA) and AGA(SA)) – 2020

Updated 27 November 2020

Importantly, accreditation is a PROCESS and SAICA works with each of the providers below to assist them in maintaining their accreditation status (Looked at another way, SAICA see the accreditation of programmes as a PARTNERSHIP).

Should a programme not meet SAICA's standards, the provider would first be given an opportunity to make the necessary changes to its programmes so as to yield a more positive outcome before steps are taken to de-accredit a programme. De-accreditation too is a PROCESS which would take place over a period of time during which it would be possible for the provider to take steps which could result in its accreditation status being restored. De-accreditation would NOT prejudice students already in the system (i.e. students would be allowed to continue and complete their degrees at such an institution.)

A programme's accreditation status could therefore be as follows:

OPINION	ACCREDITATION STATUS
1. Meets expectations	Continue accreditation
2. Needs improvement	Accredited with conditions that need to be met within a specified time frame for the accreditation to continue
3. Accredited, subject to meeting SAICA requirements	Accredited provided that the provider takes steps immediately to respond to deficiencies in the programme which meet IPD Committee requirements. If appropriate action is taken by the provider this will result in a change in the accreditation status rating to 1 or 2. If appropriate action is NOT taken this could result in the programme accreditation status being withdrawn by SAICA.
Withdrawal of accreditation	No longer accredited and programme name is withdrawn from the SAICA list of accredited programmes

Going forward SAICA intends to accredit undergraduate programmes at providers where the postgraduate degree (PGDA) is not offered in an effort to build capacity and growth at tertiary institutions. Such accreditation will only be granted if a formal articulation agreement is in place with an institution that does offer an accredited PGDA programme and this articulation agreement meets SAICA's formal requirements.

For detailed information relating to accreditation refer to the following documents issued by SAICA:

- Accreditation Criteria *
- Accreditation and Monitoring Framework *

* these documents are available on request from the **Senior Executive: Professional Development (Mandi Olivier)**

LIST OF SAICA ACCREDITED PROGRAMMES (CA(SA) and AGA(SA)) – 2020
Updated 27 November 2020

APC Professional Programmes

SAICA introduced the Assessment of Professional Competence (APC) from 2014. The APC replaced both Part II examinations (PPE and Financial Management). One of the eligibility requirements for writing the APC is the completion of a Professional Programme. SAICA has undertaken its accreditation process on providers who applied for accreditation and has accredited the providers set out below. As both of the Professional Programmes only commenced in 2014, SAICA emphasizes that as a result there are a number of aspects SAICA has not yet been fully able to evaluate. Continued visits will be conducted to all providers during the course of third monitoring visit cycle (2016 – 2020). SAICA nevertheless expresses its confidence in the providers below to remain accredited.

Accredited programme status description:

OPINION	ACCREDITATION STATUS
1. Meets expectations	Continue accreditation
2. Needs improvement	Accredited with conditions that need to be met within a specified time frame for the accreditation to continue
3. Accredited, subject to meeting SAICA requirements	Accredited provided that the provider takes steps immediately to respond to deficiencies in the programme which meet IPD Committee requirements. If appropriate action is taken by the provider this will result in a change in the accreditation status rating to 1 or 2. If appropriate action is NOT taken this could result in the programme accreditation status being withdrawn by SAICA.
Withdrawal of accreditation	No longer accredited and programme name is withdrawn from the SAICA list of accredited programmes

AGA Academic Programmes

The academic programme for the Associate General Accountants (AGA(SA)) is provided predominantly by universities but may be provided by any other educational provider.

Accreditation and monitoring of the academic programme is necessary as these programmes provide access to the AGA(SA) qualification and because SAICA plays no role in its delivery. SAICA has undertaken its accreditation process on providers who applied for accreditation and has accredited the providers set out below. Continued visits will be conducted to all providers during the course of the monitoring visit cycle The first five-year monitoring cycle commenced in 2020 (2020-2025).

For detailed information relating to accreditation refer to the following documents issued by SAICA:

- Accreditation Criteria *
- Accreditation and Monitoring Framework *

* these documents are available on request from the **Project Director: AGA and Reciprocity (Adri Kleinhans)**

Accredited programme status description:
