WELCOME TO YOUR 2018 LEARNING, GROWTH AND DEVELOPMENT MAP!

It may be of interest that 2017 saw 1,379 members attending more than five seminars each, with 209 members attending more than 10 seminars each, and 11 attending more than 20 SAICA offerings. The member who engaged most frequently with SAICA seminars and events attended a total of 34 SAICA offerings. These stats are based on information from January to October 2017, and does not include SAICA’s popular annual Tax Update that takes place in November. This repeat attendance by members is a clear indication of the value of SAICA offerings.

This brochure details an extensive range of planned offerings, which includes technical, non-technical and networking events. Over 150 unique CPD events allow members the opportunity to earn close to 500 CPD hours. Seen differently, you could easily attend a full 20 days of offerings! As a bonus, the 40 hours of complimentary CPD promised in previous years is planned to double for the coming year, at a minimum. This is amazing value!

Of particular excitement is that the majority of these service offerings will be webcast live. This facilitates several developments. Firstly, every member will receive access to essentially the same service offering irrespective of the member’s geographic location. Secondly, members will be able to save time and cost as they will be able to access the content at a convenient location, on a device of their choosing. Thirdly, the content covers both SAICA national and regional content, allowing even customised regional content to be made available to all members. Fourthly, because the webcasted content will be recorded and made available to members on the Click2Start platform, members will be able to access this content on demand at a later stage. Lastly, the content on the Click2Start library is expected to increase dramatically, creating an even wealthier resource of useful video content for members for years to come.

Some of the content in this brochure will change. Events related to topical affairs will be added, content for seminars related to the latest updates will be developed closer to the seminar, and unforeseen circumstances sometimes require that a seminar is unfortunately cancelled. The monthly email will detail the latest information and scheduling.

SAICA is fully committed to delivering exceptional value to members and this brochure embodies this commitment. The number of members who choose to repeatedly attend SAICA offerings is testament to the quality and relevance thereof. Together with the SAICA family, I look forward to meeting you at a SAICA event in the coming year.

Don’t miss out! An email calendar is distributed in the first week of each month detailing the events for the coming three months. We encourage you to update your email preferences on your online profile to receive event notices relevant to your interests.

Best wishes,

Azhar Panchbhai CA(SA)

AUDIT & ASSURANCE
INFORMATION SESSIONS:
AUDIT & ASSURANCE SPECIALIST AREAS

OVERVIEW
The assurance division plans to present two information sessions in conjunction with industry specialists on specific topics determined by trends in the assurance space.

LEARNING OUTCOMES AND BENEFITS
The aim of these interactive information sessions is to share practical insight into the workings of selected industries and provide members with the opportunity to engage directly with the industry specialist.

CONTINUATION OF SERIES:
AUDIT BACK TO BASICS SEMINARS

OVERVIEW
SAICA continues with the series of Audit Back to Basics seminars, which aim to contribute to addressing identified deficiencies and common auditing pitfalls. 2018 will see the presentation of the fourth and fifth seminars in the series to be presented in the first and third quarter of the year.

LEARNING OUTCOMES AND BENEFITS
These seminars provide delegates with a thorough grasp of basic auditing concepts. SAICA has selected topics based on common inspection findings, which will be addressed in the context of the requirements of the ISAs and illustrated by way of examples.
AUDIT & ASSURANCE

TECHNICAL UPDATE AND REFRESHER

OVERVIEW
Findings arising from monitoring activities indicate that firms and practitioners are still facing challenges in complying with the requirements of the International Standards on Auditing. The seminars cover topics selected from the ISAs / ISREs / ISAEs / ISRSs and related pronouncements. The specific topics form the basis for quarterly seminars to be presented across the country.

LEARNING OUTCOMES AND BENEFITS
SAICA wishes to contribute to firms and practitioner’s compliance, by enhancing awareness and the understanding of the requirements. The requirements contained in the relevant International Standards will provide the foundation for the seminar, balanced with a focus on the practical application and implementation thereof.

PANEL DISCUSSION: TRANSITIONING TO THE NEW IFRSs – SHARING EXPERIENCES

OVERVIEW
IFRS 15 – Revenue from Contracts with Customers and IFRS 9 – Financial Instruments become effective from 2018. What have the new IFRSs meant for companies? Have you had negotiations with your key stakeholders to help them understand how the new IFRSs will impact the company? SAICA will afford you the opportunity to hear from those who have been involved in the implementation of these new IFRSs as they will share their experiences including any challenges they have had to overcome when implementing the new IFRSs and any benefits derived from implementing the new IFRSs.

LEARNING OUTCOMES AND BENEFITS
Delegates will be afforded the opportunity to understand the impact the new IFRSs have on companies and how some companies have overcome the challenges that arose during their implementation process.

IFRS BACK TO BASICS WORKSHOP

OVERVIEW
This is a two-day interactive IFRS workshop. The workshop is aimed at assisting delegates with the implementation of IFRSs through the use of practical case studies. The workshop will be addressing the core standards of IFRS including IFRS 15 – Revenue from Contracts with Customers, IFRS 9 – Financial Instruments and IFRS 16 – Leases and includes the requirements that are typical to the majority of entities irrespective of entity size or industry bias.

This workshop is aimed at those who involved in the preparation and audit of IFRS financial statements and those who are not involved in the implementation of IFRS but would like to stay up to date with the IFRS.

LEARNING OUTCOMES AND BENEFITS
Members will gain practical knowledge in applying the major IFRSs including the new revenue Standard (IFRS 15), the new financial instruments Standard (IFRS 9) (also illustrating the application of this standard to a non-financial institution), the new leases Standard (IFRS 16), consolidations and business combinations, property, plant and equipment, investment property and the recently issued amendments to IFRSs.
FINANCIAL REPORTING UPDATE FOR EXECUTIVES: THE BUSINESS IMPACT OF ANY NEW IFRSs AND AMENDMENTS TO IFRSs

OVERVIEW
From 2018, numerous IFRSs, amendments to IFRSs and IFRICs come into effect but have companies put in place the appropriate processes to ensure compliance with the new requirements? How much work should the relevant teams within the organisation have performed to date to ensure compliance? What is the impact of these IFRSs or amendments to IFRSs on your business? What questions should you be asking to assist you to understand the business impact of these IFRSs? Join SAICA as we unpack these questions and many more at this two-hour session.

LEARNING OUTCOMES AND BENEFITS
This session is intended to assist those charged with governance including board members, audit committee members, Chief Executive Officers, Chief Financial Officers and other executives to have a better understanding of the business impact of the new or amended IFRSs.

The Top 35-under-35 campaign (2018) is in its 5th year running and has become one of SAICA’s flagship campaigns and events. Get ready to meet the most talented young CAs(SA) in business. They are the young innovators, risk-takers, rule-breakers and stars in business. They’re all under 35 and are making their mark.

The process of choosing the Top 35-under-35 starts with nominations and entries. Nominations and entries are then judged and the Top 35 are selected. The Top 35 finalists will be announced and profiled over two issues of ASA magazine. Thereafter, the 35 finalists are judged by a panel of highly esteemed business leaders who select the category winners and the overall winner. The winner, category winners and some of the finalists are once again profiled in the October issue with the winner appearing on the front cover.

TARGET AUDIENCE
The campaign will be featured in Accountancy SA magazine for the whole year (11 issues) and will be marketed to all SAICA members and Corporate Companies. The event will be open to all SAICA members and associates. A number of key external stakeholders are also invited.

FORMAT OF CAMPAIGN
The campaign is launched and entries opened in October 2017. From the February 2018 issue of ASA magazine the entries are also advertised along with the prizes and sponsors. Entries will be advertised again in the March, April and May issues with entries closing on 15 May. Finalists are announced in the July issue and profiled in August and September, with the winner announcement in October 2018.

SAICA JOHANNESBURG DISTRICT COMMITTEE AND DISKI NINE9 WINTER SCHOOL PROGRAMME

OVERVIEW
The Winter School and Leadership Programme is run in partnership with Diski Nine9 and Soul City and will integrate gender based life skills education with a soccer and netball tournament for 600 boys and girls aged 10 - 15.

Problem: Gender based violence is on the rise in South Africa. Incidents of violent crimes against women that include domestic violence, rape, kidnapping and murder have made headlines in mainstream media. To bring an end to gender based violence, we need to create spaces to educate each other about the attitudes, value systems and social constructs that perpetuate a culture of patriarchy, which is a key enabler for gender based violence.

Response: SAICA has partnered with Diski Nine9 and Soul City to run a Holiday School and Leadership Programme in Protea Glen, Soweto during the upcoming winter school holidays. The programme seeks to reach over 600 boys and girls between the ages of 10 – 15 through a combination of gender based workshops as well as a soccer and netball tournament.

The participants in the programme will attend gender based workshops under the themes:

- Masculinity: what does it mean to be a boy/man and what role do I play in my community and society as a boy/man
- Femininity: what does it mean to be a girl/woman and what role do I play in my community and society as a girl/woman

After the learners have attended the workshops, they will engage in a fun and exciting soccer and netball tournament.

INTERNATIONAL MEMBERS
International members have access to the following CPD courses and networking opportunities:

**LIVE WEBCASTS**
SAICA has acquired the technology to live stream and record most the CPD courses that are held in South Africa. This will enable international members to access these courses and participate through interactive polls and interaction with the presenter.

**CLICK2START COURSES**
Where members have not been able to participate in the live webcasts, courses are recorded and added to the Click2Start library for members to earn verifiable CPD hours.

**SEMINARS AND EVENTS FOR MEMBERS IN AUSTRALIA, NEW ZEALAND, BERMUDA, CAYMAN ISLANDS AND UNITED KINGDOM**
We have active committees that identify specific training and networking opportunities for members in these locations. These opportunities are communicated to members through bulk email and social media where applicable.

**ACCESS TO COURSES THROUGH THE GAA PASSPORT**
As part of the value proposition to its international members, SAICA is a member of the Global Accounting Alliance (GAA) which is an alliance of 10 leading professional accountancy bodies in significant capital markets. The GAA was created to promote quality services, share information and collaborate on important international issues.

The members of the GAA are:
- The American Institute of Certified Public Accountants (AICPA)
- Chartered Accountants Ireland (CAI)
- Chartered Professional Accountants Canada (CPA Canada)
- Hong Kong Institute of Certified Public Accountants (HKICPA)
- Chartered Accountants Australia and New Zealand (CA ANZ)
- Institute of Chartered Accountants in England and Wales (ICAEW)
- Institute of Chartered Accountants of Scotland (ICAS)

SAICA members can access these institute courses at member rates.

**COURSES IN THE USA**
SAICA is a member of The Association of Chartered Accountants in the United States ("ACAUS"), which is a non-profit professional and educational organisation dedicated to representing the interests of over 7,000 Chartered Accountants & Chartered Professional Accountants from the funding Home Institutes who reside in the United States. ACAUS provides networking and CPD opportunities for SAICA members. Please visit www.acaus.org for these details.

**NETWORKING THROUGH THE AMBASSADOR PROGRAMME**
SAICA has initiated an ambassador programme where members who are interested in being ambassadors can arrange networking events for members in their locations. These events can consist of formal events or informal lunches or suppers to further social and business and relationships.
SAICA understands the value of ongoing development for every individual and organisation and the contribution that this has to the overall organisational performance, staff development and skills and knowledge retention. These factors are also crucial to remaining competitive and relevant in this fast-paced and evolving world.

Through customised corporate training, SAICA aims to deliver the ultimate solution to meet corporates’ customised learning and development objectives and to dramatically improving the overall organisational performance.

**WHY CORPORATE TRAINING?**
The corporate training is designed to equip personnel and/or stakeholders with knowledge, skills and tools necessary to effect improvements to the overall performance of an organisation.

The key is to first understand what your learning and development requirements are – which are specific to your organisation – and then to commence with the development and delivery of this learning, which will enable your team to perform at the highest possible level. SAICA can assist you with this ongoing responsibility by providing you with an appropriate platform for learning and development and the support to commit to lifelong learning within your organisation.

SAICA is actively expanding its learning offerings in terms of not only offering technical related content but also by developing your pervasive competencies such as ethics, leadership and other skills expected for the success of any organisation.

**BENEFITS:**
- **Cost-efficient** – Corporate training is often a more cost-effective solution when training several staff with the same training requirement.
- **Customised content** – Your training needs can be customised and aligned with your organisation’s culture, work procedures and strategic vision
- **Convenience** – Training can run where, when and how you want it.
- **Consistent quality** – employees receive the same training from the same presenter/s
- **Team work** – encourages teamwork and networking within business

These are great advantages over a generic industry training courses, as ultimately the goal is to conduct training specifically for your specific needs.

**HOW WILL IT WORK?**
- SAICA together with the stakeholder will identify your objectives in terms of training requirements
- We will tailor our standard offering or custom make offerings from the stakeholders’ identified objectives
- SAICA identifies suitable experts in the specified field / topic to conduct the training
- Assist with planning logistics to ensure a seamless process from SAICA to the stakeholder
